Culbreath v. Griffin, et. al. 17-CV-3406 (KMK) (LMS)

Dear Judge Smith:

I am the Plaintiff appearing pro-se in the above-captioned matter, and after receiving the Court's Decision & Order dated March 1, 2018, I humbly ask that I be given to impart the relevance behind each requested item of which the Court has sustained the Defendants' objection thereto. I was completely unaware such a burden of demonstration was upon me, 'prior' to defendants display of proper objections. Humbly, I learned my shared legal viewpoint from reviewing (Melendez v. Greiner, 2003 WL 22434101 (SDNY 2003)). Had I known that within the body of my motion to compel, the burden was on me to demonstrate relevance behind each requested item, despite the defendants objections being conclusory and general assertions, I would have easily done so.

In this view, I kindly ask the Court to rescind those portions of its March 1, 2018 Decision & Order sustaining the defendants objections and allow the Plaintiff to demonstrate relevance thereto respectively. This would be fair considering the fact this is Plaintiff actual first time litigating at this depth.

Very truly yours,

Jeffrey Culbreath
Plaintiff, Pro-se
